Garden of Remembrance

Our beautiful water garden at Chesil House is available for the interment of cremated remains. This peaceful location in the heart of the city provides an alternative to a more formal cemetery or churchyard.

Each interment takes place individually using a temporary casket that allows ashes to be dispersed into the ground. The plots are unmarked, but each is noted in our records for future reference. The Book of Remembrance is opened daily and an entry can be placed to provide a permanent memorial (with the option of additional lines and a hand drawn motif).

Fresh flowers may be brought into the garden and placed in the vases provided. It is intended that the garden should be as natural and unencumbered as possible – to maintain its tranquillity. Therefore there are no permanent memorials in the garden.

We have a fund for the supply of plants and shrubs necessary to maintain the garden's seasonal variations. If you wish to make a donation, please speak to our receptionist or one of our Funeral Directors.

(The company reserves the right to remove anything placed in the garden that is considered unsuitable)

Annual Service of Remembrance

We hold our Annual Service of Remembrance for those whose ashes are interred in our garden or indeed for anyone who wishes to come and remember a loved one. This is usually held in early July, please see details at Chesil House nearer the time.

At this service we take a collection for local charities. Over the many years we have held the service we have donated in excess of £5,000 to local causes, including Naomi House Children's Hospice, Royal Hampshire County Hospital, Winchester Youth Counselling, Winchester Nightshelter, Friends of the Family (supporting vulnerable parents) and the Hampshire and Isle of Wight Air Ambulance Trust.
