# Garden of Remembrance

Our beautiful water garden at Chesil House is available for the interment of cremated remains. This peaceful location in the heart of the city provides a suitable alternative to a more formal cemetery or churchyard.

Each interment takes place individually using a temporary casket that allows ashes to be dispersed into the ground. The plots are unmarked, but each is noted in our records for future reference.

Fresh flowers may be brought into the garden and placed in the temporary vases provided. It is intended that the garden should be as natural and unencumbered as possible – to maintain its tranquillity. Therefore, there are no permanent memorials in the garden. The company reserves the right to remove anything placed in the garden that is considered unsuitable.

Our new Memorial Tree is proving a popular choice for dedicating a beautiful golden leaf with an individual inscription in memory of loved ones. The tree is located within its own private room, giving a peaceful opportunity to appreciate both the tree and the garden outside.

Families can choose the length of dedication from 3, 5 and 10 years.

Our Book of Remembrance provides a more permanent memorial option. Crafted by specialist calligraphers, an entry can be between 2 to 5 lines and a hand drawn motif or design can be added to really personalise the memory.

# Garden, Memorial Tree and Book of Remembrance

## **Annual Service of Remembrance**

We hold our Annual Service of Remembrance for those whose ashes are interred in our garden or indeed for anyone who wishes to come and remember a loved one. This is usually held in early July, please see details at Chesil House nearer the time.

At this service we take a collection for local charities. Over the many years we have held the service we have donated in excess of £6,000 to local causes including Naomi House Children's Hospice, Royal Hampshire County Hospital, Winchester Youth Counselling, Winchester Nightshelter, Friends of the Family (supporting vulnerable parents) and the Hampshire and Isle of Wight Air Ambulance Trust.
